SWEET CANDY COMPANY FACTORY TOUR GUIDELINES

We are pleased that you are able to visit Sweet Candy Company. We want your tour to be fun and safe so please read the following guidelines.

- **Special Notice:** We use many different nuts in our building, specifically almonds and peanuts. Please be aware of anyone in your touring party that has any nut allergies! Persons with severe allergies to even nut dust should not enter our building. Also, we use eggs, soy, and milk in some of our products. If you have allergies to any of these or other ingredients, please tell us beforehand so that we can provide you with information on which products contain those ingredients.
- We ask that you remove all jewelry, except for medical ID tags. This includes wedding rings and bands. It's preferred that you leave these valuables at home.
- Please wear comfortable walking shoes. Open toed shoes, flip-flops and "wheeled" shoes are unsafe when worn in the plant.
- You will be provided with hair nets and beard nets (if required) for touring the plant.
- We have free parking around our building and you may enter through our main door on the south west corner of the building.
- You are welcome to take photos outside the building; however, we ask that no cameras, cell phones, backpacks, purses, strollers or other personal items accompany you on your tour. We do have umbrella strollers you are welcome to use while touring our factory.
- Please do not bring food, drinks or gum into the factory.
- Please call for reservations prior to your visit and request any special accommodations at that time.
- Allow an hour for our factory tour including time to shop in our factory outlet candy store.
